Don't walk straight into the trap

To check wheter the product on the current page is legal and can be imported to switzerland, please click the button below.

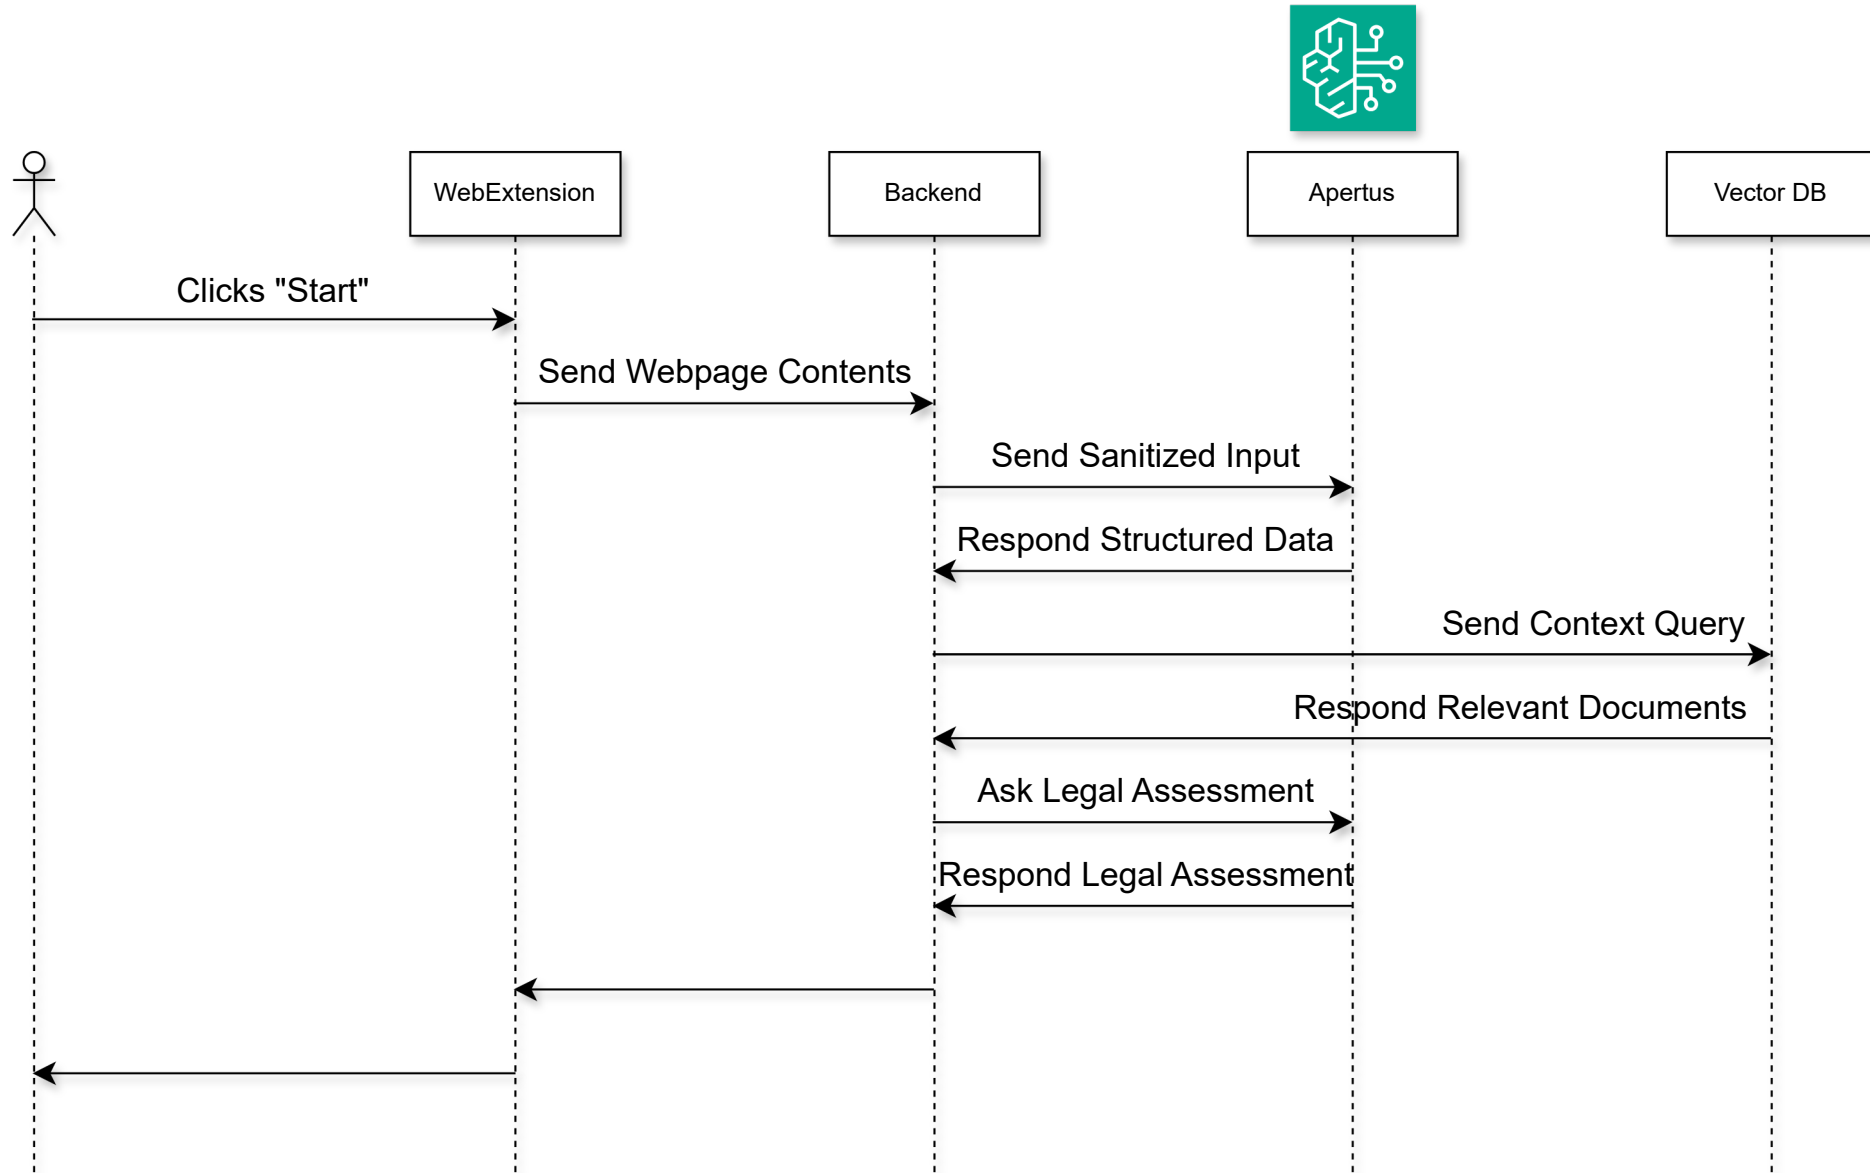

Check product

Product is legal

The Mauser 1911 Kleinkaliber Pistole is a small caliber firearm, which is legal under the provided legal context. However, its possession and use are subject to specific regulations and licensing requirements. The product includes all essential parts of a firearm and does not appear to have any modifications or accessories that would classify it as an accessory or part specifically designed for a firearm.
